

MHS GENESIS Patient Portal

Along with the new electronic health record, the MHS GENESIS Patient Portal will launch in February 2017.

The MHS GENESIS Patient Portal is a secure website for 24/7 access to your health information, including managing appointments and exchanging messages with your care team.

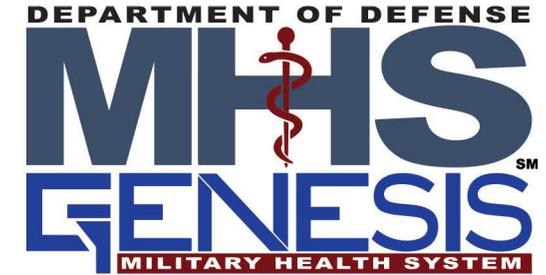

- The MHS GENESIS Patient Portal replaces RelayHealth/MiCare while you receive care at Fairchild Air Force Base.
- If you have a prescription with remaining refills, use the Audiocare System to **refill** your valid prescription.
- Use MHS GENESIS Patient Portal to **renew** your existing prescriptions. Renewals are needed when a prescription has no refills left, or has expired, and you need to continue taking the medication.
- If you move to a military hospital or clinic that has not begun using MHS GENESIS, you will resume using RelayHealth/MiCare and TRICARE Online. Contact your care team to learn about which hospitals and clinics use MHS GENESIS.

More Information

Additional MHS GENESIS information is available at:

<https://patientportal.MHSGENESIS.health.mil>

For questions regarding the DS Logon, visit www.dmdc.osd.mil/milconnect or contact the Defense Manpower Data Center at 1(800) 538-9552.

A New Electronic Health Record for Your Care

MHS GENESIS is the name of the new electronic health record for the Military Health System (MHS). It will provide enhanced, secure technology to manage your health information.

MHS GENESIS will provide your care team with a complete electronic view of your and your family's health records, including medical and dental information in one record, and a link to information on care provided at other military hospitals and clinics. This means less paperwork and a lower risk of inaccurate information.

Use the MHS GENESIS Patient Portal

Additional details will be provided on how to use the MHS GENESIS Patient Portal, including access and login information.

Contact your Fairchild care team with questions about MHS GENESIS or the new MHS GENESIS Patient Portal.

In preparation for the new MHS GENESIS Patient Portal, log in to milConnect and create your DS Logon.

Key Benefits

Through the **MHS GENESIS Patient Portal**, you can:

-  View your health information
-  Exchange secure messages with your care team
-  Request prescription renewals
-  View notes from your clinical visits, and certain lab/test results, such as blood tests
-  Manage medical and dental appointments
-  Complete a pre-visit dental health questionnaire online
-  Look up information related to your health concerns and medications
