

John Pangrazio, M.A., FAIA, FACHA

Mr. Pangrazio is currently a partner with NBBJ Architecture, Design, and Planning, where he has led the planning and design efforts for numerous university medical centers, private hospitals, children's hospitals, and cancer treatment centers in California, Arizona, and Washington. Previously, he has served as a United States Air Force Commissioned Officer in the Office of the Surgeon General, Medical Construction Liaison Office in San Francisco, California, and Bangkok, Thailand from 1968-1970. Academically, he has a Bachelor of Architecture from California Polytechnic State University (1967) and a Master of Architecture from the University of Washington, Seattle (1971).

Mr. Pangrazio is a member of the American Institute of Architects and has served as President-Elect (2003-2004) and President (2004-2005). As an American Society for Healthcare Engineering (ASHE) member, he has won the Sustainable Design Awards (2002) and was a Vista Awards Jury member (2002). He is also on the Editorial Review Board of the *Health Environmental Research & Design Journal*. He is NCARRBR certified and is a registered architect in the following states: Washington, Ohio, Missouri, South Dakota, Kentucky, New Jersey, Arizona, Indiana, Hawaii, Idaho, Georgia, Nevada, North Dakota, Michigan, Maryland, California, Texas, Vermont, Colorado, Rhode Island, and West Virginia. For his work with the Clinic Replacement at the McChord Air Force Base, he won the following awards: the United States Air Force, Honor Award for Design Excellence (2002); the Air Mobility Command Design Awards (2000); and the Society for American Military Engineer Design Honorable Mention, Excellence Award (2000). For his work with the Banner Estrella Medical Center in Phoenix, Arizona, he won the Interiors Award, Contracts Magazine (2006); Modern Healthcare, Award of Excellence (2005); Westmarc, Best of the West Award, Service to Communities, Health and Wellness (2005); AIA, Phoenix Chapter, Honor Award, Distinguishable Building Category (2005); IIDA Pacific Northwest Chapter, InAward, Honors Healthcare Category (2004); and Southwest Contractor, Best of 2004 Award (2004). For his involvement with the United States Naval Hospital in Bremerton, Washington, he won the NAVFAC Design Awards Program from the Department of the Navy, Commander's Award for Design Excellence (2005); the Modern Healthcare Design Award (2003); and the AIA, Seattle Chapter, Merit Award (2002). He has delivered 37 professional presentations and authored over 50 publications.
