

David Alan Boone, BS, CP, MPH, PhD

Dr. Boone is currently Chief Technology Officer at OrthoCare Innovations, a position he has served in since 2005. Previously, Dr. Boone served in positions at The Hong Kong Polytechnic University Rehabilitation Engineering Centre as an Associate Professor in the Department of Health Technology and Informatics and at the University of Washington as a Clinical Instructor in the Departments of Orthopaedics and Rehabilitation Medicine. Academically, Dr. Boone received a BS in prosthetics and orthotics from the University of Washington (1986), a MPH in health services/health economics from the University of Washington (1997), and a PhD in biomedical engineering from The Hong Kong Polytechnic University (2005). Dr. Boone also completed a prosthetics and orthotics preceptorship at Queen Mary Hospital in London, England (1986).

Dr. Boone is a member of the International Society for Prosthetics and Orthotics and the American Academy of Orthotists and Prosthetists. He is also editor-in-chief of the *Journal of Prosthetics and Orthotics*. He has been awarded the American Academy of Orthotists and Prosthetists Writing Award (1986) and was honored with the United States National Rehabilitation Week “Special Award for Achievement in Helping the Disabled” (1994). Dr. Boone has also authored over 100 publications and been granted support for numerous research projects.
