

DHA UBO Webinar: CY 2023 Cosmetic Surgery and Estimator

Presented by Mr. Andy Crouter, DHA UBO Support
June 2023

Agenda

- Background
- CSE v19 Procedures Update
- CSE v19 Functionality
- CSE v19 Practice Scenario
- CSE v19 Distribution & Effective Date
- Questions & Answers

Background

Improving Health and Building Readiness. Anytime, Anywhere — Always

Elective Cosmetic Surgery Policy

- Per HA Policy 05-020, “Policy for Cosmetic Surgery Procedures in the Military Health System” (25 Oct 2005):
 - Cosmetic Surgery – “Any **elective** plastic surgery performed to **reshape normal structures** of the body in order to **improve the patient’s appearance or self-esteem.**”
 - Reconstructive Surgery – “Any plastic surgery performed on **abnormal structures** of the body which are caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease. Reconstructive surgery is **generally performed to improve function** but may also be done to approximate a normal appearance.”

Elective Cosmetic Surgery Policy, cont'd

- Elective cosmetic surgery is not a TRICARE covered benefit.
- *However*, DoD Health Affairs Policy 05-020 authorizes elective cosmetic surgery in military treatment facilities (MTFs) to “support graduate medical education, board eligibility and certification, and skill maintenance for certified specialists.”
- Services are provided on a “space available” basis and limited to:
 - TRICARE-eligible beneficiaries (including TRICARE for Life) who will not lose eligibility for at least 6 months.
 - Active duty personnel who have written permission from their unit commander.
- **All patients** are fully responsible for surgical fees, applicable institutional and anesthesia charges, as well as the cost of all implants, cosmetic injectables, and other separately billable items associated with elective cosmetic procedures. Patients may also be responsible for follow up care.

MHS Elective Cosmetic Procedure Process

Letter of Acknowledgement (LOA)

- LOA incorporated into CSE cost report

TOTAL COST: \$181.46

- 1) Advance Payment Required:** Elective cosmetic procedures are not TRICARE covered benefits. I acknowledge and accept responsibility for all charges associated with the above listed procedure(s) including applicable professional, facility, and anesthesia fees plus the cost of any implants, pharmaceuticals, and other separately billable items provided by the MTF. I agree to pay estimated charges, in full, for all elective cosmetic procedures prior to receiving treatment.
- 2) Prices Subject to Change:** Rates for elective cosmetic procedures are updated periodically by the Assistant Secretary of Defense for Health Affairs. I understand that estimated charges are based on Department of Defense (DoD) rates applicable at the time of payment. Rates cannot be guaranteed until estimated charges have been paid in full.
- 3) Additional Charges May Apply:** I acknowledge that the initial amount paid may not constitute payment in full. There may be additional charges for ancillary services, as well as unforeseen, but necessary, procedures undertaken during the procedure. I understand these charges are not factored into the initial estimate but will be added upon completion of the final bill. I agree to remit payment for any additional charges within thirty (30) calendar days after presentation of the final bill as passed to the Debt Collection Act of 1982 and Debt Collection Improvement Act of 1996. I will incur additional interest and/or administrative charges.
- 4) Global Periods for Elective Cosmetic Procedures:** Charges for some elective cosmetic procedures include a global period during which routine postoperative follow-up visits and treatment (e.g. removal of stitches or sutures, treating infected wounds, and dressing changes) are covered at no additional charge. Postoperative visits that are unrelated to the original procedure, or that occur after the global period has expired, will incur additional charges unless deemed medically necessary. Global periods are listed on the cost estimate report where applicable.
- 5) Refunds:** I understand that if I decide, prior to my scheduled procedure date, not to have an elective cosmetic procedure, I am entitled to a refund of all monies paid for the cancelled procedure. If I change my mind after the procedure has started, applicable professional and ancillary fees will be deducted from the initial payment amount before a refund is issued. Refunds may take up to 8 weeks for processing.
- 6) Follow-up Care:** I acknowledge that follow-up care after an elective cosmetic procedure is not guaranteed in an MTF because the care required may exceed the ability of the facility and/or there may not be appointments available when I need to be seen. Additionally, I understand that care for complications resulting from an elective cosmetic procedure is not a TRICARE covered benefit, and I may be financially responsible for such care whether I am treated at an MTF or an outside medical facility. If the complication occurs in the same body system or the same anatomical area of the non-covered treatment and the complication is one that commonly occurs (e.g., repair of facial scarring resulting from dermabrasion for acne), then the complication care is not a covered benefit. As stated in 22 CFR 165-16(3)(9) and TRICARE Policy Manual, Chapter 4, Section 1.1, Complications (Unforeseen/Sequelae) Resulting from Non-Covered Surgery or Treatment: "Benefits are available for the otherwise covered treatment of complications resulting from a non-covered (elective cosmetic) surgery or treatment only when the complication represents a medical condition separate from the condition that the non-covered treatment or surgery was directed toward, and treatment of the complication is not essentially similar to the non-covered procedure. A complication may be considered a separate medical condition and thus a covered benefit when it causes a systemic effect, occurs in a different body system from the non-covered treatment, or is an unexpected complication which is unforeseen based upon prior clinical experience with the procedure."

1) Advance Payment Required

Estimated charges must be paid, in full, prior to receiving treatment.

2) Prices Subject to Change

Rates are not guaranteed until estimated charges have been paid in full.

3) Additional Charges May Apply

There may be additional charges for ancillary services, as well as unforeseen, but necessary, procedures undertaken during the procedure.

4) Global Periods

Postoperative visits that are unrelated to the original procedure, or that occur after the global period has expired, will incur additional charges.

5) Refunds

Refunds are processed for procedures not performed.

6) Follow-up Care

Follow-up care is not guaranteed in an MTF and in accordance with TRICARE Policy Manual Chapter 4, Section 1.1, complications of cosmetic surgery procedures are excluded from coverage.

Improving Health and Building Readiness. Anytime, Anywhere — Always

Elective Cosmetic Procedures

- Only procedures included in the Cosmetic Surgery (CS) superbill can potentially be performed as elective cosmetic procedures.
 - Procedures may be performed as medically necessary if documented as such.
 - Medically necessary procedures are not priced in the CSE.
- Many procedures are added to the superbill because of feedback from the field.
 - If you have any suggested elective cosmetic procedures, contact the DHA UBO Helpdesk at UBO.Helpdesk@intellectsolutions.com
 - DHA review and approval is necessary.

Elective Cosmetic Surgery Rates

- The DHA UBO Program Office is responsible for providing current rates for elective cosmetic procedures in the Military Health System (MHS).
- The DHA UBO Cosmetic Surgery Estimator (CSE) calculates charges for elective cosmetic procedures.
 - Factors in all potential procedure costs, including professional, facility, anesthesia professional fees, and the cost of implants and pharmaceuticals.
- Rates used in the CSE are updated annually and are based on what TRICARE will allow.
- Proposed release and effective date is September 1, 2023.

CSE v19 Procedures Update

Improving Health and Building Readiness. Anytime, Anywhere — Always

CPT® Additions, Modifications, Deletions

- Added:
 - 64615 (Chemodenerivation muscle(s) innervated by facial, trigeminal, cervical spinal and accessory nerves, bilateral)
- Modified descriptions:
 - 11920 (Tattooing incl micropigmentation; ≤ 6 sq cm)
 - 11921 (Tattooing incl micropigmentation; 6.1 - 20 sq cm)
- Modified Superbill to include add-on code indicator (“+”):
 - 11922 (Tattooing incl micropigmentation; additional 20 sq cm)

=TOTAL COST

Ambulatory Procedure Visit Rate

- CSE v19 uses the ambulatory procedure visit (APV) rate for institutional cost of a procedure performed in an outpatient setting.
 - Ambulatory Procedure Visit (APVs)
 - ✓ Ambulatory Procedure Visit (APV) -A procedure or surgical intervention that requires preprocedural care, an actual procedure to be performed, and immediate post-procedure care as directed by a qualified health care provider. Minor procedures that are performed in an outpatient clinic setting that does not require post-procedure care by a medical professional are not considered APVs. The nature of the procedure and the medical status of the patient combine as a short-term care requirement, but not for inpatient care. These procedures are appropriate for all types of patients (e.g., obstetrical, surgical and non-surgical including cosmetic) who by virtue of the procedure or anesthesia require post-procedure care and/or monitoring by medical personnel.
 - This applies only to procedures that require use of a surgery room.

Pharmaceutical Fees

- Pharmaceutical prices pre-populated for: Botox®, Dysport®, and Xeomin®
 - Botox® CY 2023 TRICARE Allowable Price: \$6.32/unit
 - Dysport® CY 2023 TRICARE Allowable Price: \$1.74/unit
 - Xeomin® CY 2023 TRICARE Allowable Price: \$5.20/unit
- Ability to override the pre-populated prices if the local MTF pharmacy provides a price for the pharmaceutical.
- Unit price needs to be populated for fillers/injectables based on MTF's cost.

CSE In-app Resources

- The CSE Procedure Glossary, Superbill, User Guide, etc. are available in the application as PDF documents and provide line-by-line “how-to” instructions.
- User guide includes quick reference tables that summarize various categories of procedures.

CSE v19 Practice Scenario

Improving Health and Building Readiness. Anytime, Anywhere — Always

CSE Practice Scenario - Superbill

- Example: A patient is having three (3) 0.3cm trunk lesions removed (CPT® 11300). The patient is also scheduled to have 28 skin tags removed (CPT® 11200 and 11201). The procedures will be performed in a provider's office setting with local anesthesia.

Instructions for CEU Credit

This in-service webinar has been approved by the American Academy of Professional Coders (AAPC) for 1.0 Continuing Education Unit (CEU) credit for DoD personnel (.mil address required). Granting of this approval in no way constitutes endorsement by the AAPC of the program, content or the program sponsor. There is no charge for this credit.

- **Live broadcast webinar (Post-Test not required)**
 - Login prior to the broadcast with your: 1) full name; 2) Service affiliation; and 3) e-mail address
 - View the entire broadcast
 - After completion of both live broadcasts and after attendance records have been verified, a Certificate of Approval including an AAPC Index Number will be sent via e-mail to participants who logged in or e-mailed as required. This may take several business days.
- **Archived webinar (Post-Test required)**
 - View the entire archived webinar (free and available on demand at <https://health.mil/Military-Health-Topics/Access-Cost-Quality-and-Safety/Uniform-Business-Office/UBO-Learning-Center/Archived-Webinars>)
 - Complete a post-test available *within* the archived webinar
 - E-mail answers to ubo_helpdesk@intellectsolutions.com
 - If you receive a passing score of at least 70%, we will e-mail MHS personnel with a .mil email address a Certificate of Approval including an AAPC Index Number
- The original Certificate of Approval may not be altered except to add the participants name and webinar date or the date the archived Webinar was viewed. Certificates should be maintained on file for at least six months beyond your renewal date in the event you are selected for CEU verification by AAPC
- For additional information or questions regarding AAPC CEUs, please contact the AAPC.
- Other organizations, such as American Health Information Management Association (AHIMA), American College of Healthcare Executives (ACHE), and American Association of Healthcare Administrative Managers (AAHAM), may also grant credit for DHA UBO Webinars. Check with the organization directly for qualification and reporting guidance.
