

**UF BPA Appendix for the Nov 2013 DoD P&T Meeting**  
Uniform Formulary Price Quotes and  
Uniform Formulary Blanket Purchase Agreements (BPA)

The following Condition Sets, as authorized at each listed UF Drug Class Page, identify the conditions under which UF BPA price quotes are to be submitted by the Company.

The Company must submit a separate, complete UF BPA price quote for each NDC that applies to the Company's pharmaceutical agent(s) in a given drug class.

Medications placed on the Uniform Formulary but not BCF or ECF are available for the local Military Treatment Facility P&T to decide whether to place on their individual formulary.

Grandfathering: a prior authorization process, would require all new patients to complete an adequate trial of the step-preferred agent(s) before a non-step-preferred agent is provided to a new user through a MTF pharmacy or TMOP. Unless otherwise noted, patients must have tried an agent in the class in the previous 180 days in order to be excluded from the prior authorization process.

No-grandfathering: a prior authorization process, would require all patients, regardless of past medication history to complete an adequate trial of the step-preferred agent(s) before a non-step-preferred agent is provided to a user through an MTF pharmacy or TMOP.

Grandfathering unstipulated: TMA reserves the right to choose the grandfathering or no-grandfathering of some or all agents based the total price/clinical evaluations after quotes have been submitted and in the best interests of the Government.

NDC	Drug Name	Strength	Dosage Form	Package Size

PEC Class: PULMONARY-1 AGENTS PEC Sub Class: COMBINATIONS			
Class Note(s): Patients 12 years old and younger may be exempt from the Prior Authorization process. TMA reserves the right to evaluate an agent's various formulations as individual brand agents or view the formulations as one brand agent.
