

11th FEHRM Industry Interoperability Roundtable

May 19, 2021

8:30 AM – 12:30 PM ET (Virtual)

On May 19, 2021, the Federal Electronic Health Record Modernization (FEHRM) program office will host the 11th FEHRM Industry Interoperability Roundtable. The theme for this Roundtable is “Interoperability Resources Bridging the Gaps in Care.” Senior Government leaders from the Department of Defense, Department of Veterans Affairs and Department of Homeland Security’s U.S. Coast Guard, along with other federal partners including the Office of the National Coordinator for Health Information Technology and the Centers for Medicare and Medicaid Services, will discuss electronic health record (EHR) modernization efforts and highlight current and upcoming interoperability initiatives. In addition, there will be a panel discussion on leveraging health information technology during the COVID-19 pandemic. This event is open to the public and we invite active participation from individuals who possess relevant broad-based knowledge and experience.

Additional details regarding the agenda and meeting will be distributed to registered participants as they are finalized prior to the event.

Please RSVP at <https://einvitations.afit.edu/inv/index.cfm?i=590648&k=0768420F7F5F>.

If you have any questions about this event, please send an email to dha.ncr.peo-ipo.mbx.fehrm-strategic-coordination@mail.mil and include **“FEHRM Industry Interoperability Roundtable”** in the subject line.
