LAUNCHPAD 2.0

DHA COLLABORATION PORTAL

LaunchPad 2.0 is the official information and message center for the Defense Health Agency (DHA) Director and Deputy Directors. The site is a dynamic and multi-functional CAC-enabled tool for managing information and for sharing ideas and content across the DHA enterprise.

LaunchPad is scalable and allows DHA organizations, offices and activities to create customized pages for sharing and storing information and working documents.

The site features full SharePoint 2013 functionality, including workflow applications like Performance Point, Power Pivot and Business Intelligence along with project and community sites.

The Web & Mobile Technology Program Management Office, a component of the DHA Solution Delivery Division, is responsible for LaunchPad operational sustainment and maintenance.

Key Benefits

- ▶ Secure internal DHA portal for official announcements, organizational structure, news and correspondence
- ▶ Dynamic collaboration platform
- ▶ Repository for working documents and artifacts

Key Features

- ▶ Homepage showcases enterprise-wide news, announcements and resources
- ▶ Interactive features allow DHA activities to submit questions and news and announcements
- ▶ Easy, intuitive navigation and self-help tools
- ▶ Scalable for individual organizations, offices and activities
- ▶ Customizable pages
- ▶ Activity-level security controls for information and document access
- ▶ DHA Image Library
- ▶ Easy-to-follow site how-to guides and videos
