ON DUTY & OFF SHIELDS SAVE SIGHT

Do everything you can to shield your eyes against accidents.

ON DUTY

Wear appropriate safety eyewear or DoD-approved, APEL eye protection if you are...

- » In training or as required by regulations, directives and orders
- » Doing work or working around those producing particles, slivers or flying debris
- » Spending time in an area with exposure to Ultraviolet Light (UV)

OFF DUTY

Proactive eye safety serves you on and off duty. Remember to wear eye protection when...

- » Doing chores that potentially produce slivers, particles or flying debris (e.g., hammering, grinding, shop work, lawn and garden work)
- » Playing sports (e.g., basketball, skiing, hunting, racquetball, etc.)
- » Using household cleaning products or other chemicals
