

PRIVACY IMPACT ASSESSMENT (PIA)

PREScribing AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:

Centralized Credentials Quality Assurance System (CCQAS)

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

Centralized Credentials Quality Assurance System (CCQAS) is a web-based system that contains credentialing, privileging, risk management, and adverse actions data on Active Duty, National Guard, Coast Guard, Reserve, Public Health Service, Volunteer, Civilian, and Contractor healthcare providers that work in Medical Treatment Facilities (MTFs) throughout the world.

The system tracks provider training and education through information input and record retention. It also allows healthcare providers to apply for privileges electronically, allows for the electronic review, routing, and approval of provider privileges, and streamlines the credentialing and privileging process. It is accessible 24/7 via the Web to users with role based access permissions.

The types of Personally Identifiable Information (PII) collected by CCQAS include personal descriptors, identification numbers (including Social Security Numbers (SSNs) & DoD ID #), citizenship, drivers license, home/cell phone number, mailing/home address, military records, place of birth, birth date, law enforcement information, marital status, personal email address, education information, health information, employment information, photographs, and information regarding children.

Current product features include the ability to:

- Capture, store, maintain and report on medical malpractice claims, incidents, disability claims and adverse actions. These records include both the provider's documentation of an incident or event in addition to patient data specific to the incident or event.
- Maintain the credential records of direct-care providers, i.e. medical school records, diplomas, certificates, additional training, and experience documentation.
- Share providers above mentioned PII between Defense Health Agency (DHA) MTFs.
- Automate the provider's application for privileges to provide medical healthcare.
- Potentially Compensable Event (PCE) capture and visibility.
- Adverse Action tracking capture and visibility.

CCQAS is an Information Technology (IT) project managed by the Clinical Support Program Management Office (CSPMO)/Solution Delivery Division (SDD)/Program Executive Office (PEO) Medical Systems (J-6)/DHA.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

CCQAS collects PII for verification purposes. The intended use of collected PII is to verify the provider's qualifications to perform the requested medical/dental procedures and to approve the procedures. This is to satisfy the Joint Commission and state licensing agencies requirement which requires healthcare organizations to maintain medical provider qualifications.

e. Do individuals have the opportunity to object to the collection of their PII?

Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals have the opportunity to object to the collection of their PII via face-to-face, E-mail, paper, or telephone modes of collection. A provider's submission of personal data is voluntary; however, failure to provide requested information may result in a provider's ineligibility to practice at an MTF or serve within the Military Health System (MHS).

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Upon completion of system registration, individuals have the opportunity to consent to the specific uses of their PII via agreement with the CCQAS Privacy Act Statement by selecting the "Yes" radio button. A provider's submission of personal data is voluntary; however, failure to provide requested information may result in a provider's ineligibility to practice at an MTF or serve within the MHS.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

Privacy Act Statement Privacy Advisory Not Applicable

Privacy Act Statements are included on every form completed by an individual provider. Privacy Act, Controlled Unclassified Information (CUI), HIPAA, and 10 U.S.C. 1102 statements all appear on the login screen and must be acknowledged before a user can access CCQAS.

AUTHORITY: 10 U.S.C. 1102, Confidentiality of Medical Quality Assurance Records: Qualified Immunity for Participants; 42 U.S.C. 11112, Encouraging Good Faith Professional Review Activities; DoD Instruction 6025.13, Medical Quality Assurance (MQA) and Clinical Quality Management in the Military Health System (MHS); DHA-PM 6025.13, Clinical Quality Management in the Military Health System; and E.O. 9397 (SSN), as amended.

PURPOSE: To obtain information necessary to credential a health care provider and determine whether that individual should have privileges to work or continue working in a military treatment facility (MTF) or within the Military Health System (MHS). Data in the system may contain medical records information including patient care assessments and treatment procedures which may be used to assess malpractice claims and adverse privilege actions filed against a health care provider at an MTF within the MHS.

ROUTINE USES: Your records may be disclosed outside of DoD in accordance with the DoD Blanket Routine Uses published at <http://dpclo.defense.gov/Privacy/SORNsIndex/BlanketRoutineUses.aspx> and as permitted by the Privacy Act of 1974, as amended (5 U.S.C. 552a (b)).

Any protected health information (PHI) in your records may be used and disclosed generally as permitted by the HIPAA Privacy Rule (45 CFR Parts 160 and 164), as implemented within the DoD. Permitted uses and disclosures of PHI include, but are not limited to, treatment, payment, and healthcare operations.

Collected information may be shared with government boards, agencies, professional societies, civilian medical institutions, or organizations if needed to apply for privileges, licenses, or to monitor professional standards of health care practitioners. Information may also be used to conduct trend analysis for medical quality assurance programs.

DISCLOSURE: Voluntary. However, failure to provide information may result in an individual's ineligibility to serve at an MTF or within the MHS.

h. With whom will the PII be shared through data/system exchange, both within your DoD Component and outside your Component? (Check all that apply)

<p>k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?</p>	
<p>A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is <u>retrieved</u> by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.</p>	
<p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>	
<p>If "Yes," enter SORN System Identifier <input type="text"/> EDHA 09</p>	

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.dod.mil>/Privacy/SORNs/
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

N1-330-11-3

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

File Number: 911-13. DISPOSITION: Temporary. Cut off annually. Destroy 10 years after cutoff.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

10 U.S.C. 1102, Confidentiality of Medical Quality Assurance Records; Qualified Immunity for Participants; 42 U.S.C. 11112, Encouraging Good Faith Professional Review Activities; DoDI 6025.13, Medical Quality Assurance (MQA) and Clinical Quality Management in the Military Health System (MHS); DHA-PM 6025.13, Clinical Quality Management in the Military Health System; and E.O. 9397 (SSN), as amended.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

Yes No Pending

- (1) If "Yes," list all applicable OMB Control Numbers, collection titles, and expiration dates.
- (2) If "No," explain why OMB approval is not required in accordance with DoD Manual 8910.01, Volume 2, "DoD Information Collections Manual: Procedures for DoD Public Information Collections."
- (3) If "Pending," provide the date for the 60 and/or 30 day notice and the Federal Register citation.

OMB Control Number: 0720-0071
