c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The NMRLC Global Inventory Warehouse System (NGWIS) will securely collect and generate users in D365 via Entra ID. Personally Identifiable Information (PII) will be stored on the user with in D365. Users will be recorded on warehouse actions such as scanning barcodes and RFID tags or performing work to diligently maintain traceability and ensure proper system maintenance.

NGWIS' OCR application will securely collect and produce necessary PII and an electronic stamp displaying the users' name and date, to accurately document the processing of a PO and ensure traceability, accountability, and transparency.

PII processed on some system components, applications, and documents utilize specific administrative, physical, and technical security controls to protect PII confidentiality and which may be addressed in separate Privacy Impact Assessments (PIA)s available at: <https://dodcio.defense.gov/In-the-News/Privacy-Impact-Assessments/>.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

User PII is collected and used to record warehouse actions such as scanning barcodes and RFID tags or performing work, and administrative tasks such as PO processing to diligently maintain traceability, accountability and transparency, and ensure proper system maintenance.

e. Do individuals have the opportunity to object to the collection of their PII? ☐ Yes ☒ No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals do not have the opportunity to object to the collection of their PII /PHI because this system is not the initial point of collection; however, the source system may provide the individual the opportunity to object to the collection.

f. Do individuals have the opportunity to consent to the specific uses of their PII? ☐ Yes ☒ No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individuals do not have the opportunity to object to the collection of their PII /PHI because this system is not the initial point of collection; however, the source system may provide the individual the opportunity to object to the collection.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

☐ Privacy Act Statement ☐ Privacy Advisory ☒ Not Applicable

The enclave infrastructure does not collect PII directly from individuals; however, system components, applications, and electronic collections within the enclave might collect PII; refer to the respective PIA for additional information.

h. With whom will the PII be shared through data/system exchange, both within your DoD Component and outside your Component?

(Check all that apply)

<input checked="" type="checkbox"/> Within the DoD Component	Specify.	DHA/MedCOI Tenant

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

☐ Yes ☒ No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpclد.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

The NGWIS enclave is not a system of records; however, system components, applications, and electronic collections within the enclave might require a SORN. Refer to the specific system component, application, or electronic collection PIA for SORN information.

l. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.

(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

Authorities to collect information are specific to the information system component and addressed in the respective sub-system's PIA.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?
