

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE)

a. The PII is: (Check one. Note: Federal contractors, military family members, and foreign nationals are included in general public.)

- ☐ From members of the general public ☐ From Federal employees
- ☒ from both members of the general public and Federal employees ☐ Not Collected (if checked proceed to Section 4)

b. The PII is in a: (Check one.)

- ☒ New DoD Information System ☐ New Electronic Collection

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

Securitas Healthcare HUGS solution is a Facility Related Control System (FRCS) Infant Protection and Alarm System (IPAS). The HUGS solution uses Wi-Fi-based technology to protect infants throughout the hospital combined with a powerful software platform to manage infants, alarms, and day-to-day tasks. When an Infant Tag is detected within the range of a Controller located at a doorway, it sends a signal over the facility's network infrastructure to the MobileView Server.

If the MobileView Server software determines that an unsafe condition is present, a security alarm is declared via the pop-up Instant Notifier application. The MobileView Server can provide programmable, audible announcement of each alarm via the Instant Notifier pop-up application and workstation PC speakers and/or optional sirens, and the alarm can only be cancelled by password-authorized staff.

The Controller contains two on-board relays which are used to activate magnetic door locks and other security monitoring devices, even if the Controller is off-line from the facility's network infrastructure. The HUGS system comprises of 2 Physical rack servers, 1 Workstation, Exciters EX5500, Exciters EX5200, and Infant Tags (Wi-Fi transmitter tag). Software includes Windows Server 2022 standard, MobileView application server v5.7.x, Aeroscout engine server v5.7.x, and Databases SQL Server 2022. There is PII for this system in the form of mothers maiden name, and baby's last name.

The baseline site for this system is located at Walter Reed Medical Center; Bethesda, MD.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

This Data is Stored for 33 Day and then overwritten - The purpose and intended use of collected PII is specific to a system component.

e. Do individuals have the opportunity to object to the collection of their PII? ☐ Yes ☒ No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals do not have the opportunity to object to the collection of their PII because this system is not the initial point of collection; however, the source system may provide the individual the opportunity to object to the collection.

f. Do individuals have the opportunity to consent to the specific uses of their PII? ☐ Yes ☒ No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individuals do not have the opportunity to object to the collection of their PII because this system is not the initial point of collection; however, the source system may provide the individual the opportunity to object to the collection.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

☐ Privacy Act Statement ☐ Privacy Advisory ☒ Not Applicable

This system is not the initial collection point for the PII. The PII is obtained from an existing DoD information system or electronic collection, therefore no Privacy Act Statement or Privacy Advisory is required.

h. With whom will the PII be shared through data/system exchange, both within your DoD Component and outside your Component? (Check all that apply)

☒ Within the DoD Component	Specify.	DHA Military Treatment Facilities (MTFs)
☐ Other DoD Components (i.e. Army, Navy, Air Force)	Specify.	
☐ Other Federal Agencies (i.e. Veteran's Affairs, Energy, State)	Specify.	
☐ State and Local Agencies	Specify.	
☐ Contractor (Name of contractor and describe the language in the contract that safeguards PII. Include whether FAR privacy clauses, i.e., 52.224-1, Privacy Act Notification, 52.224-2, Privacy Act, and FAR 39.105 are included in the contract.)	Specify.	
☐ Other (e.g., commercial providers, colleges).	Specify.	

i. Source of the PII collected is: (Check all that apply and list all information systems if applicable)

☐ Individuals	☐ Databases
☒ Existing DoD Information Systems	☐ Commercial Systems
☐ Other Federal Information Systems	

j. How will the information be collected? (Check all that apply and list all Official Form Numbers if applicable)

☐ E-mail	☐ Official Form (Enter Form Number(s) in the box below)
☐ In-Person Contact	☐ Paper
☐ Fax	☐ Telephone Interview
☒ Information Sharing - System to System	☐ Website/E-Form
☐ Other (If Other, enter the information in the box below)	

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

☐ Yes ☒ No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcltd.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date.

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

DISPOSITION: Temporary. Cut off and destroy after final investigation or reporting action, or when 3 years old, whichever is later

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.

(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
