

DMVL Update - Health Affairs

The Defense Medical Virtual Library (DMVL) is pleased to announce the full text availability of the journal *Health Affairs* via the DMVL. The journal can be accessed at www.health.mil/dmvl at the e-Journals tab. Type in 'Health Affairs' in the search window and submit. Choose the Publisher link from the retrieval list.

Health Affairs is the leading journal of health policy thought and research. It covers a wide range of health issues including: access to care, health spending, quality, Medicare, Medicaid, prescription drug coverage and costs, physician practice, nursing trends, mental health, malpractice and health law, insurance reform, hospitals, global health, disparities in health care, and more. The journal is published monthly, with both thematic and "variety" issues every year.

You can easily sign up for TOC email alerts by accessing the journal's homepage at www.healthaffairs.org and selecting 'Alerts' along the top of the page. Alerts are free and you may sign up for any or all of them.
