### Subject:

Japanese Encephalitis Vero Cell (JE-VC) Vaccine Resume Unrestricted Ordering

### Reason / Information:

High Priority / Informational / Vaccine / Defense Logistics Agency - Troop Support (DLA-TS) has lifted the Japanese Encephalitis Vaccine (JE-VC) restricted ordering requirements, that was previously published in MMQC-18-1050. Reason: Sufficient quantities of JE-VC vaccine are available for all facilities to begin unrestricted ordering.

Activities should project the total amount of JE-VC vaccine needed to be administered over the summer months and order as early as possible.

### Disposition / Instructions:

Actions Required:

- 1) Activities may now begin ordering JE-VC vaccine without restrictions. Orders will be monitored by DLA-TS and the Defense Health Agency. Additional review may be required for large orders.
- 2) Military Treatment Facilities (MTFs) and Immunization activities shall provide vaccine to Service members IAW Combatant Command (CCMD) Force Health Protection (FHP) guidance and to DoD beneficiaries IAW CDC ACIP recommendations.
  - (a) DoD personnel on official or leisure travel to areas where JE-VC vaccination is required.
  - (b) DoD beneficiaries on official or leisure travel to areas where JE-VC vaccination is recommended.
  - (c) The one-time booster (third) dose may be administered to individuals who have completed the two-dose primary series one year or more previously and remain in an endemic area.
- 3) Personnel assigned to a unit or activity that has been ordered into a readiness status or posture where deployment and/or travel to areas where JE-VC vaccine is required or recommended may receive the two-dose primary series JE-VC vaccination.
- 4) Orders for JE-VC vaccine will be accepted by DLA-TS and filled as received.
- 5) Refer to CCMD FHP Guidance for current requirements. <https://www.health.mil/CCMDvaccines>
- 6) Refer to CDC ACIP for further recommendations. <https://www.cdc.gov/mmwr/preview/mmwrhtml/mm6245a3.htm>

7) Activities ordering practices should limit the potential for vaccine to go unused and expire. If vaccine is within 30 days of expiration and is unlikely to be used prior to expiring, please contact your DHA-IHS for vaccine redistribution.
