
From Encounter to Outcome: Essential ICD-10 TBI Coding Updates for Providers

TBICoE EDUCATION SERIES

Traumatic Brain Injury Center of Excellence

Thursday, Oct. 8, 2026
1 to 2 p.m. ET

This TBICoE training reviews the ICD-10-CM Coding Guidance for warfighter brain injuries and exposures. Participants will learn how to apply these coding recommendations through military-relevant case scenarios and explore strategies to support precise, efficient documentation in MHS GENESIS.

Registration is not required. Click the "Join on MS Teams" button below to attend. Scan the QR code to learn more about this event.
