The Honorable Howard P. "Buck" McKeon
Chairman
Committee on Armed Services
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

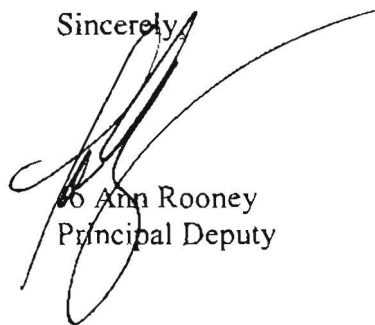

As required by Conference Report 112-331, accompanying H.R. 2055, the Department of Defense (DoD) Appropriations Act, 2012, Public Law (P.L.) 112-10, it is my pleasure to provide you the status of fiscal year (FY) 2011 Defense Health Program (DHP) designated carryover funds.

As of May 5, 2012, a total of \$296,717,640 in unobligated FY 2011 DHP Operation and Maintenance (O&M) appropriation funds has been designated for carryover from FY 2011 into FY 2012. The specifics of how these funds will be utilized are found in the enclosure.

The DHP O&M carryover authority has provided the flexibility to manage many issues that emerge during the year of budget execution. In recent years, this has included private sector care, support to our warriors in transition, pandemic influenza preparedness, costs of supporting overseas contingency operations that were not known at the time of the supplemental appropriation request, and medical information technology. These have been all worthwhile efforts in support of our Service members and their families.

A similar letter is being sent to the Chairmen of the other congressional defense committees. Thank you for your interest in the health and well-being of our Service members, veterans, and their families.

Sincerely,

Ann Rooney
Principal Deputy
