4000 DEFENSE PENTAGON
WASHINGTON, D.C. 20301-4000

SEP - 1 2022

The Honorable Martin Heinrich
Chairman
Subcommittee on Military Construction,
Veterans Affairs, and Related Agencies
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Mr. Chairman:

The Department's response to the Joint Explanatory Statement, page 998, accompanying H.R. 1625, the Consolidated Appropriations Act, 2018 (Public Law 115-141), is enclosed. The report provides a quarterly update on the progress of all hospital construction projects, including any settlements reached for contractor error or project management deficiencies, for the second quarter of Fiscal Year (FY) 2022.

The Defense Health Agency and its construction agents, the United States Army Corps of Engineers and Naval Facilities Engineering Command, continue to execute the military construction of military medical facilities. As of the second quarter of FY 2022, no new hospitals or clinics have commenced construction activities. The enclosed report on the progress of military medical construction projects provides construction timelines and current working estimates of active hospital and clinic construction projects for the second quarter of FY 2022.

Thank you for your continued strong support for our Service members, civilian workforce, and families. I am sending similar letters to the other congressional defense committees.

Sincerely,

A handwritten signature in black ink, appearing to read "Gilbert R. Cisneros, Jr.", written in a cursive style.

Gilbert R. Cisneros, Jr.

Report to the Congressional Defense Committees

Second Quarter, Fiscal Year 2022, Report on the U.S. Army Corps of Engineers and Naval Facilities Engineering Command Projects within the Defense Health Agency

In Response to: Joint Explanatory Statement, Page 998, Accompanying H.R. 1625, the Consolidated Appropriations Act, 2018 (Public Law 115–141).

The estimated cost of this report or study for the Department of Defense (DoD) is approximately \$3,200.00 for the second quarter of Fiscal Year 2022. This includes \$0 in expenses and \$3,200.00 in DoD labor.

DEFENSE HEALTH AGENCY’S HOSPITAL CONSTRUCTION PROGRAM

STATUS OF HOSPITAL CONSTRUCTION PROJECTS

EXECUTIVE SUMMARY

This second quarter report for Fiscal Year (FY) 2022 is provided in response to the Joint Explanatory Statement, page 998, accompanying H.R. 1625, the Consolidated Appropriations Act, 2018 (Public Law 115–141), which requests the status of all hospital construction projects. The data presented below, as reported by design and construction agents, reflects data submitted through March 15, 2022, representing the second quarter of FY 2022. As of the submission of this report, there are 22 active hospital and clinic projects in construction, 15 projects in the design phase, and no contractor errors or project management deficiencies have been identified.

BACKGROUND

The Defense Health Agency (DHA) is responsible for facility life-cycle management of U.S. military medical facilities worldwide, to preserve ready and resilient facilities that sustain military medicine’s mission assurance of world-class health care for America’s warfighters and their families. These military medical facilities include medical centers, hospitals, clinics, ambulatory care centers, medical training facilities, medical research facilities, and veterinary facilities in the Military Health System. In accordance with 10 U.S.C. § 2851 and Department of Defense Directive 4270.05, “Military Construction,” military construction of such facilities is to be carried out under the direction and supervision of the U.S. Army Corps of Engineers or Naval Facilities Engineering Command. They are the design and construction agents for the current active projects identified in this report. Therefore, data herein corresponds with that provided by the design and construction agents.

RESULTS

Current Status of Active Construction Projects

The active hospital and clinic projects in construction identified in this report include projects that have been awarded through projects that reached substantial completion and are in transition. The status, including a construction timeline and current working estimate of the active hospital and clinic projects, in construction, is included in Table 1, which represents the second quarter of FY 2022. Other projects include projects that are complete and waiting for financial closeout by the construction agents.

CONCLUSION

As of the submission of this report, there are currently 22 active hospital and clinic projects in construction, and 15 projects in the design phase. As of March 15, 2022, no new hospitals or clinic projects have commenced construction activities and no contractor errors or project management deficiencies have been identified. The data presented above delineates status, construction timeline, and the current working estimate of the active construction projects. It reflects updated data provided by the design and construction agents of each respective project and was additionally submitted with the report compiled by DHA in March 2022 pursuant to 10 U.S.C. § 2851. This data will be appropriately updated in future quarterly reports.
