Varicella	1	1	5	5	16	5

^a RMEs reported through the DRSi as of June 31, 2023 are included in this report. RMEs were classified by date of diagnosis, or where unavailable, date of onset. Monthly comparisons are displayed for the period of May 1, 2023-May 31, 2023 and June 1, 2023-June 30, 2023. Year-to-date comparison is displayed for the period of January 1, 2023-June 30, 2023 for Military Health System facilities. Previous year counts are provided as the following: previous year YTD–January 1, 2022-June 30, 2022; total 2022–January 1, 2022-December 31, 2022.

Total case counts

b RME categories with zero reported cases among active component service members and MHS beneficiaries for the time periods covered were not included in this report.

[°] Services included in this report include Army, Navy, Air Force, Marine Corps, Coast Guard, and Space Force, including personnel classified as FMP 20 with duty status of AD, Recruit, or Cadet in DRSi.

^d Beneficiaries included the following: individuals classified as FMP 20 with duty status of Retired and individuals with all other FMPs except 98 and 99. Civilians, contractors, and foreign nationals were excluded from these counts.

^eOnly reportable for active component service members.

Only cases reported after case definition update on May 4, 2023. Includes only cases resulting in hospitalization or death.

^g Includes all cases of COVID-19 reported through DRSi prior to May 4, 2023.

^h Influenza-Associated Hospitalization is reportable only for individuals aged 65 years or younger.

ⁱ Pediatric Lead Poisoning is reportable only for children aged 6 years or younger.

Abbreviations: RME, reportable medical event; MHS, Military Health System; YTD, year-to-date; no., number.
