

The *Patient Safety Champion Certificate of Recognition* is a peer-to-peer recognition program led by the DoD Patient Safety Program. This program gives Military Health System staff an opportunity to recognize peers for their patient safety efforts within their local military treatment facility.

Patient Safety Champion Certificate of Recognition

WHY SHOULD I RECOGNIZE A PEER?

Teamwork is critical in every high reliability health care environment. This recognition program is one way to recognize teammates for their valuable contribution(s) to the team's larger initiatives to provide the best care possible to MHS patients and their families.

WHO IS ELIGIBLE?

All direct care Military Health System staff, including but not limited to, health care professionals and non-clinical staff are eligible to nominate a colleague or receive recognition.

HOW DO I SUBMIT A NOMINATION FORM?

Complete a one-page nomination form with the required information:

- Your contact information,
- Contact information for the nominee, and
- Provide a brief explanation of why this person(s) should receive a certificate of recognition.

E-mail the completed form to the DoD Patient Safety Program. Nominations may be submitted at any time.

Please allow three to five business days for the certificate to be e-mailed to the recipient. The nominator will be copied on the delivery e-mail.

Patient Safety Champion Certificate of Recognition
NOMINATION FORM

Please complete this nomination form and submit via e-mail to the DoD Patient Safety Program by clicking the submit button on the bottom of the form.

NOMINATOR

Title/Role

E-mail

Service Army (If other)

Facility/Organization

RECIPIENT

Title/Role

E-mail

Service Army (If other)

Facility/Organization

Provide the actions, activities, impacts and/or other details describing why this person(s) should be recognized (250 word limit)

In about 20 words, summarize why you are recognizing this person(s) by completing this sentence: In recognition for... Note: This language will be included on the certificate.

It is ok for the DoD Patient Safety Program to contact me to learn more about this or other good works supporting quality and patient safety. I agree I do NOT agree

Thank you for taking time to acknowledge the good works of our MHS colleagues.
If you experience any problems with this process, please e-mail DLA.patientsafety@mail.mil for assistance.
